

Abdalla Rashed

Machine Learning Engineer

Python Developer specializing in **Machine Learning & Computer Vision** applications, with a background in Electrical Engineering. Possesses high analytical skills, programming expertise, strong knowledge of data science and machine learning fundamentals, and a great passion for AI research & development.

WORK EXPERIENCE

AI Instructor - Full-Time TalentEx

08/2023 - Present

Dubai, UAE

Professional Training Institute

Achievements/Tasks

- ▶ Content development of Generative AI training courses.
- ▶ Continuous improvement of courses with acquaintance on recent GenAI advancements from both educational and academic perspectives.
- ▶ Aiming for exceptional delivery of training presentations to drive business success.

Technical Advisor - Part-time Sportic

05/2023 - Present

Abu Dhabi, UAE

An innovative startup providing a SaaS customer-oriented solution for local organizations & facilities.

Achievements/Tasks

- ▶ Support for the development of roadmaps, tech stack plan, and the agile process.
- ▶ Review of technical and business documents.
- ▶ Development of the startup landing website.

Project Engineer - Contractor Lockheed Martin | Esterline

09/2022 - 04/2023

Abu Dhabi, UAE

Achievements/Tasks

- ▶ Initiation and delivery of a research & development program for AI-powered inspection of Foreign Object Debris [FOD] in aircraft engine bays. The prototype was presented in the International Defense Exhibition [IDEX] 2023.
- ▶ Conducting research experiments on advanced computer vision topics including image resynthesis, patch processing, knowledge distillation, and self-supervised learning.
- ▶ Delivery of collaborative learning & mentorship sessions for internal and external teams to improve work productivity and introduce them to useful topics and their applications.
- ▶ Development of a GUI for the prototype demo, setting up & testing robot routines, maintaining the development codebase, and performing 3D design & printing tasks.
- ▶ Providing technology & business development consulting.

Contact : Hala Majeed - hala.alzarkan@lmco.com

SOFTWARE

Python PyTorch Hugging Face NumPy
Pandas Flask OpenCV Tkinter Selenium
PostgreSQL Git GitHub GitLab HTML
CSS JavaScript Bootstrap C++
Autodesk Inventor MATLAB | App Designer
MATLAB | Deep Learning Toolbox
MATLAB | Data Acquisition Toolbox

TECHNICAL SKILLS

Machine Learning Engineering

ViTs, CNNs, Object Recognition, Motion Detection & Tracking, Anomaly Detection, Contrastive Learning, Continual Learning.

Robotics

3D Design & Printing, Arduino, Raspberry Pi, Nvidia Jetson, Electrical Power Circuits, PID Control

Project Management

Agile Software Development Life Cycle, Version Control, Professional Writing & Presentation in LaTeX & MS Office tools.

PUBLICATIONS

Journal Article

AI-powered health monitoring of anode baking furnace pits in aluminum production using autonomous drones

Author(s)

Tasnim Basmaji, et al.

30 June 2023

WORK EXPERIENCE

AI Engineer - Intern

Lockheed Martin

03/2021 - 06/2022

Abu Dhabi, UAE

Achievements/Tasks

- ▶ Continuing the development of the AI Aircraft Inspection program.
- ▶ Conducting research experiments on machine learning and computer vision topics including object recognition & tracking and continual learning.
- ▶ Showcasing projects & technical presentations to executives & VIP guests.

Contact: Hala Majeed - hala.alzarkan@lmco.com

Electrical Engineer - Intern

Abu Dhabi University

06/2020 - 08/2020

Abu Dhabi, UAE

Achievements/Tasks

- ▶ Conducting research for social-distance monitoring as well as Kalman filters experiments, lane detection, & behavior cloning for self-driving vehicles.
- ▶ Preparing lab manuals for a self-driving course.
- ▶ Preparing and testing a course project kit for a self-driving robot using Nvidia Jetson Xavier boards.

EDUCATION

B.Sc. in Electrical Engineering

Abu Dhabi University

09/2016 - 09/2020

Abu Dhabi, UAE

GPA

▶ 3.99/4.00

HONOR AWARDS

1st Place award in the 3rd Annual Industrial Robotics Competition (08/2020 - 04/2021)

Emirates Global Aluminium

- ▶ Worked on the development of an AI-Powered drone for monitoring the operating conditions of aluminum anode baking furnace.
- ▶ Developed a framework for pit detection, visualization, & post-processing.

1st Place award in the 2nd Annual Industrial Robotics Competition (09/2019 - 07/2020)

Emirates Global Aluminium

- ▶ Worked on an AI robot for detecting temperature abnormalities at aluminum smelters.
- ▶ Developed an autonomous driving framework for the robot.

1st Place in the 3rd Annual ECE Design Project Competition - Judges' Choice (06/2020)

Abu Dhabi University

- ▶ Developed a smart shopping solution to assist wheelchair users.
- ▶ Design involved: robotic arm for gripping items, automatic barcode detection and scanning system, cart items detection & validation, and a shopping user interface.

PERSONAL PROJECTS

Torch Engine (05/2023 - 06/2023)

- ▶ A modular engine, built on top of PyTorch, to provide high-level interface for different vision tasks
- ▶ Link: https://github.com/r-evaar/torch_engine
- ▶ Note: Development started on a private repository

Python Projects (03/2023 - Present)

- ▶ An on-going educational collection of mini-projects for learning advanced python concepts
- ▶ Link: https://github.com/r-evaar/python_projects

COURSES

AZ-900 Bootcamp: Microsoft Azure Fundamentals (08/2023 - Present)

20% Complete

Udemy | Complete SQL and Databases Bootcamp: Zero to Mastery (08/2023)

<https://www.udemy.com/certificate/UC-48923cb5-d078-4729-815e-4d1bc199c0e6/>

Udemy | PyTorch for Deep Learning in 2023: Zero to Mastery (06/2023)

<https://www.udemy.com/certificate/UC-fccdec7a-9ad3-4d69-a108-dd1353875f9a/>

Lazy Programmer | Data Science: Transformers for Natural Language Processing (06/2023 - Present)

30% Complete

Udemy | 100 Days of Code: The Complete Python Pro Bootcamp (01/2023 - Present)

70% Complete

Udemy | Beginning C++ Programming - From Beginner to Beyond (08/2022)

<https://www.udemy.com/certificate/UC-a06c249e-71ad-4221-a952-8380031e7e67/>

Coursera | Improving Deep Neural Networks: Hyperparameter Tuning, Regularization and Optimization (10/2021)

<https://coursera.org/verify/X6UKE864MEC3>

Coursera | Structuring Machine Learning (10/2021)

<https://coursera.org/verify/YBBAWYFDWNT4>

Coursera | Neural Networks and Deep Learning (09/2021)

<https://coursera.org/verify/AV259SPUMM22>
